LEONE dal 1945 a oggi

La nostra avventura inizia a Lugo di Romagna nel dopoguerra. Sono anni difficili dove poco o nulla è rimasto, il fondatore Luigi Tampieri insieme alla sua famiglia si rimbocca le maniche e fonda la Tampieri s.n.c. dove si producono stuzzicadenti ricavati dalla penna delle oche.

Nel 1970 Luigi lascia il posto al figlio Pietro, il nome della nostra azienda diventa Leone s.n.c. Realizziamo le prime macchine automatiche per l'imbustamento degli stuzzicadenti e cominciamo a spedire le prime cartoline per corrispondenza ai ristoranti d'Italia.

Negli anni 80 creiamo i primi decori per la gelateria e la cartolina diventa un vero e proprio catalogo.

L'azienda attraverso idee innovative e sinergie con i clienti, cresce, diventando un punto di riferimento per il proprio settore.

Sono gli anni 2000 che trasformano l'azienda in laboratorio di idee e sperimentazione spaziando nel mondo dell'ho.re.ca a 360 gradi.

Curiosità intellettuali e scelte imprenditoriali coraggiose ci hanno portato a guardare il futuro con entusiasmo e non attraverso formule economiche o percentuali. L'innovazione, la sperimentazione, la comunicazione sono il cardine su cui si muove tutto il nostro lavoro.

Mettiamo sempre in primo piano l'uomo e la sua dignità, perché coniugare gli obiettivi aziendali con le esigenze umane è il segreto della nostra impresa, ciò implica una forte responsabilità nei confronti della comunità e del pianeta.

Oggi come 74 anni fa amiamo quello che facciamo e continuiamo a farlo con passione.

Il nome della nostra azienda deriva da una piccola insegna sulla porta dove, un Leone con uno stuzzicadenti nella zampa, diceva "Adesso me li curo io", da lì, tutti cominciarono a chiamarli "gli stuzzicadenti del leone".

LEONE from 1945 till nowadays

Our business started in Lugo di Romagna during the second postwar period. These were very difficult years with very little resources and the founder, Mr. Luigi Tampieri with his family worked very hard to create Tampieri snc, that produced toothpicks from the goose feathers.

In 1970 Mr. Luigi Tampieri was replaced by his son Pietro and the company name changed to Leone snc.

We realized the first personalized packaging automatic machines and we started to send the marketing cards to all the restaurants in Italy.

In the 80's we designed the first decorations for ice cream parlours and the marketing card became the first real catalogue.

The company, thanks to the original ideas and the synergy with his customers, developed and became a benchmark for this sector.

During the 2000's the company turned to a real laboratory of ideas and tests which involved all the Ho.Re.ca product.

Our curiosity and courageous choices make us look at the future with enthusiasm; our work is principally based on innovation through research, love for environment and transparent communication.

The ethic of the company is to care for each worker and his dignity, meeting the company targets and the human resource management. A strong responsibility that reflected in the community around us and the world.

Today, as 74 years ago, we love our work and we do it with passion.

A small sign on the company door, made by a good family friend, that shown a great Lion with a toothpick in his paw said "Now I take care of them!" From that moment in town, everybody called them "The Lion's toothpicks".
