Le porcellane Tognana sono sottoposte ad attenti e rigorosi controlli di laboratorio, anche in collaborazione con il Centro Ceramico di Bologna e la Stazione Sperimentale del Vetro di Venezia.

L'elevato standard qualitativo dei nostri prodotti è garantito da test di lavaggio con lavastoviglie industriali, di abrasione e di resistenza meccanica. Le nostre vernici, utilizzate anche per i decori, sono verificate dalla Food & Drug Administration americana e soddisfano perfettamente le prescrizioni richieste dalle severe U.S. "Proposition 65" relativamente alla presenza di metalli pesanti. Le porcellane Tognana inoltre possiedono un'elevata capacità di assorbire il calore e di rilasciarlo gradualmente, garantendo che cibi e bevande rimangano caldi nel tempo.

Tutti i prodotti, destinati ai canali alberghiero e ristorazione, hanno il bordo verniciato e il piede levigato al fine di evitare spiacevoli rigature sulle vostre tavole, sui segnaposto o quando i pezzi vengono impilati uno sopra l'altro. Al fine di razionalizzare l'uso, tazze da tè e cappuccino, tazze da brodo e mugs possono essere usate con lo stesso piattino.

Tognana Porcelain is subjected to careful and rigorous laboratory controls, also in collaboration with the Ceramic Centre of Bologna and the Experimental Station of the Glass of Venezia.

The elevated quality standard of our products is guaranteed by tests of washing with industrial dishwashers, of abrasion and of mechanical resistance. Our glazes, including those used for decorations, are verified by the american Food and Drug Administration and perfectly meet the requirements demanded by the strict U.S. Proposition 65" in relation to the presence of heavy metals. Tognana Porcelain also possesses a high capacity of absorbing the heat and of releasing it slowly, ensuring that food and hot-drinks remain hot over time.

All products for hotels and restaurants, have the edge glazed and the foot smoothed in order to avoid any unpleasant scratches on your tables, placeholders or when the pieces are stacked on top of one another. With the purpose to rationalize the use, tea and cappuccino cups, soup cups and mugs can be used with the same saucer.

TOGNANA YESTERDAY AND TODAY

L'inizio dell'attività industriale nel settore dei laterizi della famiglia Tognana risale al 1775.

L'attuale azienda ceramica nacque nel 1946, passando in breve dalle maioliche alla porcellana, realizzata con sistemi tradizionali di cottura, sinterizzazione e vetrificazione.

A top-down view of a dining table with four plates, silverware, and a pomegranate on a dark wooden background. The plates are arranged in a square pattern: a large dark brown plate at the top, a large green plate at the bottom, a small dark brown plate on the left, and a small green plate on the right. A silver fork and spoon are placed in the bottom left corner. A pomegranate is cut open and placed on the right side. The text "Let 's do... Organic !" is written in a white, cursive font in the upper right quadrant.
